Covid-19 virus: Learn how we are working to keep our communities safe

With the recent outbreak of Coronavirus Disease 2019 (COVID-19), we want to let you know that we are committed to providing a safe environment, for both you and our employees. We’re closely following the guidance from the Centers for Disease Control (CDC), from the Governor’s office, and from local health officials.

We know that during times like this, when events are uncertain, everyone will be spending more and more time at home. We will continue to provide good customer service and offer quality products for as long as we are able to safely remain open.

Steps we are taking to keep you, and our employees, safe:

- We are enhancing our cleaning procedures, to reduce the likelihood of person-to-person, and surface-to-person exposure.
- We take seriously social distancing. We will still greet you and provide a friendly atmosphere where you can shop, but we will strive to keep a safe distance and avoiding personal contact, such as shaking hands.
- We have asked our employees to stay home if they have a cough, fever, or other symptoms of the coronavirus disease.
- We will have hand sanitizers, gloves, wipes, and other cleaning products available.
- Although we will be available to answer any question you may have, we will give you space when shopping. We will not be checking with you as often, so please let us know if you need anything or have any questions.
- We ask that you do not pay in cash for the next several weeks. We prefer checks, money order, or by debit card over the phone.
- Please visit our website at simsfurnitureco.com, for important updates.

Thank you for the trust that you have placed in us. We are committed to keep you safe as we all navigate through these unprecedented times.
